

Heroes at Home Talking Points

We are here today in support of Heroes at Home, a program Sears created to help military service members.

There are three ways you can help:

- a) Donate to **Rebuilding Together**, which helps military service members, veterans and their families make necessary repairs to their homes. You can donate at the cash registers. You can also buy a Heroes at Home gift card and \$1 will be donated to Rebuilding Together (up to \$100,000).
- b) Through the **Heroes at Home Wish Registry**, military families have registered for items that they need this holiday. You can contribute money towards the purchase of these items. Visit the Wish Registry areas around the store.
- c) Use your Sears Card and a donation will be made to Rebuilding Together *and* the Wish Registry.

Questions? Any store associate can help!
