- 1.04 Internal Affairs Chairman Williamson** had the following Chairman give their reports.

MT&D report read by Chairman Williamson; this report is an update to the report presented at the 2014 Mid-Winter Conference. At the 2013 Fall DEC meeting, the Member Training & Development Committee reviewed our current presentations – the Leadership Workshop, and the Advisors Seminar. We agreed that the Leadership Workshop was fine as-is, but the Advisors Seminar needed to be adjusted to reduce the presentation time and adjusted the presentation accordingly. Moving forward, I have again identified other content to eliminate that will further reduce the presentation time for the 2015 Seminar. This will be brought to the Committee's attention at this year's Fall DEC Meeting. Another issue that will be discussed at the Fall DEC Meeting will be to consider offering the Advisors Seminar every other year, and alternating it with a different presentation. Attendance at the Seminar is steadily decreasing, and I believe it's because it's basically the same presentation year after year, as the role of the Advisor hasn't changed all that much in the recent past, and neither have the many of the Advisors. One topic that comes to mind is "How to Start a Squadron." This would be a fresh topic, and one I believe will spark some interest and be well attended, and produce a positive outcome for the Detachment.

To offer "Continuing Education" programs to the members of the Detachment & Department, the Chairmen of two Detachment Commissions/Committees conduct workshops during the Mid-Winter Conference, giving formal presentations to the membership, explaining the purpose of the Commission/Committee, with two goals in mind – First, to raise awareness of what the purpose of the Commission/Committee is, how it operates, and how the membership can help, and Second, to hopefully spark interest in the membership to assist the Commissions/Committees in reaching their goals by bringing this information back to their local Districts, Counties, and Squadrons, and putting it to good use. This year's presentations were "Legislative" and "Membership". We will determine the next two presentations at the next Fall DEC Meeting.

The Member Training & Development Committee remains committed to furthering the education of our membership by presenting new programs, updating existing programs, and assuring that all training needs within the Detachment of New York are addressed in a timely manner. I sincerely thank the members of the Committee for their dedicated service to the Committee and the Detachment.

Convention Mark Kearsing stated that these conventions cost a lot of money to put on. You can help by staying in the hotels that the legions use. For every night that you stay in a legion hotel the convention corporation gets \$3.00. This is used to offset the cost of transportation fees and other things at convention.

Membership Chairman Gaither Espy. Well gentlemen with the warmer weather and the beginning of summer our 2014 membership year is coming to a close. I want to thank Commander Chang for having me chair the membership team for the year and what a year it's been. The membership team, District Commanders, Detachment vice Commanders and many others have been working hard to get us to where we are.

Our year started off a little slow then picked up during the fall and winter months. As we approached spring the numbers just slowed down. We were getting the transmittals into Albany but not in big numbers. It is still not too late to get those last renewals sent in to Albany. Currently as of the July 11th update, the Detachment is at 97.36% with 28,357 members. We only need to transmit 761 members to reach our 100%. This is a very reachable

goal seeing how we have 3,655 members from 2013 who have yet to renew for 2014. This gives us a renewal rate of 86.74%. We have no problems with the new members, we have 2,887 it's keeping the ones we already have.

District 8 has taken the top spot with 100.44%, followed by District 1 with an even 100%. District 7 and District 5 are still hanging close with 98.87% and 97.63%. District 3 is in 5th place with 97.36%. Districts 5 and 7 have been battling for the top spot for months, keep up the great job and don't give up yet.

There are 22 Counties with 100% or better. Allegany County is on top with 116.88%. In addition to these counties there are 8 who are very close to reaching their 100%. We do have 192 squadrons that are at or over 100%.

Our membership awards for the 2014 membership year are;

In closing I would like to remind all Squadrons to make sure and fill out and send in your Officer Certification Form. Even if your officers stayed the same this needs to be done.

Membership cards will not be sent to you without a new OCF. Currently there are 165 squadrons without an OCF in to Albany. Once again thank you to all who have worked hard on our membership this year. Remember membership is the life line to our great organization.

Onondaga made a motion to accept the reports which was seconded and carried.

1.05 Public Relations Chairman Coates reported The Public Relations Commission met here and the order of business was:

Set up the Detachment Public Relations table, Thanks to Gabe and Daryl for their help. Business at the table has been very brisk. At the table you can purchase 50/50 tickets for Children & Youth. And a 50-25-15-10 Raffle to raise funds for our Leading Candidate for National vice Commander Greg "Doc" Gibbs. We have received an e-mail from Ken Kraetzer, one of the Founders of SAL Radio. Ken is proposing that the SAL Radio become a program of the Detachment of NY under Public Relations. Ken is also proposing that one annual award they give for excellence become a Detachment level Award. After Discussion we have to get more information from Ken regarding the level of support needed for these programs and other details before making a recommendation to the DEC. The Public Relations Commission will do this and report back to the DEC. The Web Site – An official call to Volunteers interested in participation in the Detachment of N.Y. Web site design team, "Roll call" The call is in the Mid-Winter addition of the Liberty copy of which one at the PR travel and will be sent out electronically.

Webmaster Cinquegrana introduced himself to the Detachment as he will be taking over the position of webmaster John Walpole. He stated that he is member of Canandaigua Sq. #256, Ontario County Commander, 7th District Adjutant, a VAVS rep at the Canandaigua VA and I do whatever I can to help out in any as I can on any sons event. I have been in contact with John via email and phones as no one has offered to fly me down to talk with John. It is a very complicated system. We can use

help from anyone who has web site skills. We need to evaluate the web site and what we want it to do in order to improve it and make it simpler.

Last weekend the District held its annual Golf Tournament to benefit the Oxford home. This was the first year entire Legion Family was also included in this event.

Reports I have heard are that everything went well and the Legion Family is welcome for Years to come. For those of you who that don't know my project for this year has been the Fisher house. Currently I have raised \$1845.00 with \$445.00 coming in from the Grill Raffle that I had tickets for at this year's Mid-Winter Conference. I'd like to thank everyone who purchased tickets and let you know that the winner was 5th and 6th Vice Commander Rich Hodge. At this present time I am scheduled to meet with Albany Fisher House when I'm here at this convention to present them with a check from the 6th District for the amount mentioned above. In closing I have to tell you a story about our Squadron presenting a Josh dog to a young boy in our community with a rare blood disease. Just the other day I was talking to his father and to this day he is clinging on to the dog unless his 2 year brother robs it from him. It is amazing what power that a small stuffed animal brings to these Children, I would recommend that you and your Squadron try to present one because I would have say it has been one if not most rewarding things I have in the 23 years that I have been a member. Thank you for allowing me to represent the S.A.L. in the Great detachment of N.Y. god bless America and the American Legion and this great Organization.

- 1.10 **The 3rd District Commander DeRusso** reported These past few years as the 3rd District Commander, I have experienced many new adventures, both good and bad; but most of all as I said at Mid-Winter, I am honored to see that Squadrons in the 3rd have put their best foot forward in many ways from membership to fundraisers for many projects, to just the camaraderie shared between all of the 3rd District Squadrons. A big thank you for all you have done and for all I know you will all keep doing and a great job goes out to all. I would like to take this time in saying thanks to John for the Honor of having Melvin Roads Squadron 1231 Color Guard serve as this Conventions color Guard and to act as the color Guard in the upcoming Department Parade

- 1.12 **8th District Commander Kuczenski** reported Since Mid-Winter I was able to attend seven out of eight visitations. I only failed to attend Wyoming. I had a very busy Memorial weekend. I participated in three ceremonies and two parades. I also supplied entertainment for a benefit chicken BBQ for a Legionnaire that passed away. He was a veteran of over twenty years. We raised over two thousand dollars and were able to make payments on their mortgage, taxes and utilities. On June 14th, Flag Day, I participated in a flag retirement ceremony at my home post Lakewood 1286. **Membership**; I'm proud to announce as of July 11th the 8th District had a membership total of 5051. This represents 100.44% of our quota of 5029. This places the 8th District in first place of the ten Districts in the Detachment. Seem all the letters I sent made a big difference. I can't think of a better send off my District could have given me. I am also pleased to announce that we have a new squadron in Erie County. Earlier this spring Doc Gibbs contacted me about Skip Stowe from Troup I Post #665 in Buffalo wanting to organize a squadron. Both Doc and I sent Skip information for forming a new squadron. Since that time the squadron has organized To close, I lost my job of 38 years in September due to a plant closing. Three days before Thanksgiving, my birthday I woke up and discovered that I had suffered a hearing loss over night. Attempts to restore my hearing have failed and due to distortion in my remaining hearing I have had only limited success with hearing aids. Due to this my participation in the SONS organization will be mostly on the local level. With this being my final report I would like to thank all my officers, Legionnaires and members over these past five years that help make my tenure a success. Special thanks To Lefty Caldwell, Jeff Jordan, Kirk Tyler and Doc Gibbs for all they have done for me.

Cattaraugus County made a motion to accept the report which was seconded and carried.

- 1.13 **10th District vice Commander Rivera** read **10th District Commander Mezzapelle** report; Since the last 10th Districts report, members of Squadrons in the 10th District have participated in many events, and have visible and active in the many communities throughout the District. Some of these events include Memorial day Parades and ceremonies, visiting VA Hospitals and NYS Veterans Homes, flagging graves, hosting fundraisers, and visiting students in local schools to educate them on Americanism and Flag Etiquette. The members of our organization are always well-received in our communities, and become and will remain a driving force for many local activities. As of July 16th the District is in 6th place in membership, with our current percentage being 97.17%; accounting for 1,063 out of 1,094 member goal. As for our component Counties in the 10th District, I report that Queens County is in 4th place in the state, at 115.25% of its goal; Nassau is 6th in the state, at 110.00% of goal, and Suffolk 54th in the state, at 84.6% of its goal. As usual, I do anticipate a last minute surge of dues transmittals that will bring the District and Suffolk County to their goals of 100%. The 10th District remains commit to our cause, and I thank the membership for all they do for our organization and our veterans. I also thank and congratulate Commander Chang for his leadership, guidance, commitment, and vision throughout the 2013-2014 year; we have achieved much under his leadership. **Nassau County made a motion to accept the report which was seconded and carried.**

- **Vice-Commander Depo turned the gavel over to Commander Chang.**
- 1.14 **Department Convention Chairman Bill Kearsing** stated that he thanked Commander Chang for appointing Mark Kearsing as the Sons Convention Chairman and the he is proud his son for what he has done and for being a dual member. Welcome to Albany and thank you for support.
- 1.15 **Legislative Chairman Gibbs** The active portion of the Legislative agenda began on March 18, 2014 for the Albany American Legion Legislative Breakfast. We met the day before at the Hilton Hotel on State and Lodge Streets in Albany and were briefed by Department of New York Legislative Commission Chairman Joe Barry. The priority legislative issues were reviewed in advance of our visitations after the breakfast. The group wanted Chairman Barry to list the issues by priority which was not done. So many of the issues are complex and there is no one item that takes precedence over another. At the state level the key items are jobs, the homeless, and the veteran suicide rate. The American Legion Legislative Breakfast was well attended as usual. My county (Erie) had three tables and several of our congressional representatives attended. Our delegation from Erie County was made up of 13 Legion Family members from Auxiliary, Legion and Sons; we divided into 3 teams and between us we visited 12 representatives that morning after the breakfast. Here is a brief synopsis of legislation that is being addressed by the New York contingent: JOBS – bill by Ortiz – A5872, SUICIDES – bill being solicited now, HOMELESSNESS – bill by Rozie – A7259-A, MILITARY SERVICE CREDIT – bill by Cusick – A4936, FREE HUNTING & FISHING LICENSES – bill by Giglio – A6011, NYSLA 30 DAY BILLING – bill by Ortiz – A2894, TUITION FOR VETS – bill by Lentol – A7686, PROPERTY TAX EXEMPTION – bill by Lavine – A2283, ELIMATE SCHOOL TAX ADD BACK – bill by Cusick – A565. It also happened to be “Fort Drum Day – 10th Mountain Division” at the Capitol Building while we were there. Some of the military were in place to greet people and explain what the duties and missions of the Tenth Mountain are. They had a display that included vehicles and one of the unmanned drones. One of our local Congressmen had his photo taken with the troops there and spoke with us at length while in that area of the capitol. For the On-the-Hill Days in Washington DC, scheduled for March 24-27, 2014; we had a strong contingent from the Detachment of New York present as well. National Legislative Chairman David Lee, Alternate Executive Committeeman Gary Denmon, Auxiliary member Sandy Denmon, Legislative Committeemen David Perry and Ken Kraetzer, Legislative Chairman Doc Gibbs, Detachment Commander John Chang, and National Committeeman and Past Detachment Commander Ray Jarvis attended. Booklets were prepared in advance concerning the legislative issues and necessary details of the three days in Washington, D.C. also appointments were pre-arranged by the Detachment Chairman. All our Detachment members present attended the “Know Before You Go” session briefing us on the issues to stress as we meet with our representatives. We heard from the main key-note guest speaker Senator Lindsey Graham on the level of military preparedness and potential defense cuts that are being discussed at the National level. There were some alarming possibilities including going back to pre-1940 levels. The seven attendees met with their respect Congressmen on March 25th and all reported positive conversations and overall support for veterans and military issues. Legislative Priority sheets were left with each of the Congressional contacts that were made. Congressional connections that were made included: Thomas Reed, Bill Owens, Richard Hanna, Chris Collins, Nita Lowey and Elliot Engel. Legislative issues continue to be ensuring the stability of the VA budget so that sequestration will not become a future issue on benefits, keeping costs of TRICARE stable, protecting National Defense from drastic budget cuts, VA claims backlogs elimination, ending homelessness and establishing an American Flag protection bill. Again support for many of these issues was obvious in discussion with our Congressmen but budgetary cuts were stressed as a threat to our issues and we solidly supported moving forward without balancing the budget on the backs of

our military or veterans' benefits. While we were in Washington, D.C. several many members of the Detachment of New York contingent attended National Commander Joseph Gladden's homecoming events in Maryland just prior to the On-the-Hill Days. We have had another successful legislative year at the Detachment level. Much has been accomplished since the on-the-hill days. Congress is now paying attention to the National Commander Dellinger at the various hearings and action is actually beginning to effect the Veterans Administration. The head, Secretary Shinseki has stepped down this spring and other changes appear to be on the horizon to change the culture of the VA into a more veteran friendly, accountable organization. Time will tell but this has been a banner year in the legislative arena. People are finally listening. This has been a solid legislative year for our Detachment and the Sons in general with progress being made in many areas.

- 1.16 Erie County made a motion to accept the report which was seconded and carried. Commanders Advisory report from PDC Knapp was read by Adjutant Avery;** Clearly Commander Chang has done a great job this year, there have only been a few phone calls. I would also like to thank everyone for the phone calls and cards as I have been recuperating.
- 1.17 Monroe County made a motion to accept the report which was seconded and carried. The Historians report was read by Adjutant Avery** reported for the 2013-2014 year; my goal was to document the travels, activities, and accomplishments of our Commander as he represented the great Detachment of New York during his visitations, meetings, conferences, and conventions. As I was unable to travel to all the places the Commander did, I asked you, the membership, for your assistance in capturing his travels in the form of photographs or video, so that I may compile it as the year went along. I would like to thank those of you who sent me material, and for those of you that posted items on your Facebook pages, and ask that you keep it coming, as the Commander's year isn't quite over yet. If you have photographs or news articles you'd like to have included in the book, please email me at son1033@aol.com, please include place, date, and time. I consider the book a work-in-progress until the end of the National Convention. As is evident from the materials I received regarding the Commander's visitations, the pace was fast and focused; it was all about service to our Veterans – past and present.

I thank you all for your assistance in helping me achieve my goals, and congratulate all of you on your accomplishments for the year as well. To Commander Chang, well done!

Monroe County made a motion to accept the report which was seconded and carried.

- 1.18 **Chaplain Ellis** reported since my election in Niagara Falls in 2013, I have been able to accomplish several of my goals during the past year. Of most importance, I was able to send Sympathy and Condolence cards within one or two days after receiving notice. During the past year, I sent 8 Sympathy cards, 9 Condolence cards, 1 'thinking of you' card for a member whose wife was in Hospice. In addition, I purchased a wreath for Mr. Pedro's funeral and I understand that it was placed at the entrance to the church so that the first wreath seen going in was from the SAL. I also purchased a new wreath for our Morning Memorial Service. The one we had been using was starting to show what appeared to be a considerable age. Let me know what you think after Sunday's service and, if needed, I will look for a better one. It is also my sad responsibility to report that my wife of 47 years told me she had a stomach ache in late February and on April 22 she passed away. As you can imagine, it was a difficult 6 weeks but she was at home where she wanted to be when she lost consciousness. I missed a couple of Squadron and District meetings during and after that time. Please allow me to repeat, as I have done before, If you have any information regarding a Son who is having a difficult medical time, please contact me and I will send an appropriate card from the DEC.

Chautauqua County made a motion to accept the report which was seconded and carried.

- 1.19 **Major Brian Murphy was escorted to the dais.** I am the director of the Veterans outreach program at NYU Langone Center. We do strictly mental health services. We are filling the research gap that VA does not cover. We will treat any Veteran from any era for free. We are able to do this through generous donations from wealthy benefactors from New York City that support Veterans. We are trying to find an objective diagnostic to put the problem back on the VA doctors. My job is to find veterans in the tri-state area and bring them to Manhattan for three days of testing. We pay them well and cover their expenses. If they have been subject to a Traumatic Brain Injury and suffer from headaches, hearing loss, memory loss or other head injuries we are trying to find a way to diagnose this by using a blood test. I will leave my business cards here so if you know of someone within a few hours' drives of Manhattan please have them contact me.

- 1.20 **Leading Candidate for National Commander; Mike Moss was introduced by N.E.C. Ketchum.** Candidate Moss spoke of how he became a member of the sons. Our plan is to build bridges to the future; our bridge will be anchored by the four pillars of the American Legion. Our span of our bridge links the American Legion Family. In order for our bridge to become stronger our membership needs to become stronger, that way we can support our programs and that is what we will continue to do 2014-2105 and beyond. My project this year will be the National Emergency Fund and the National Endowment Fund.

- **The Meeting was recessed by Commander Chang at 11:55AM.**

- **The Meeting was reconvened by Commander Rogers at 1:20PM.**

- 1.21 **Advisor Arthur** thanked us for supporting the legion and to keep up the good work.

- 1.22 **Judge Advocate Downey** a member handed me an amendment form completely filled out in proper form and a second page that states what is being changed. My problem now is that they have to be sent to three different areas and in electronic form. I have never had to do it this way before. They will not accept them on paper any more. There three areas that have recently sent me amendments, you will have to resend them electronically now.

St. Lawrence County made a motion to accept the report which was seconded and carried.

1.23 V/C **Clancy** reported that the Bronx County Sons have been reorganized and our Commander is Bob Stokes. The County has participated in the Bronx County parade with about 100 members present. They have also taken on the task of renovating one of the larger post but least active post in the County. The Legion has there County Conventions there and it can seat approximately 400 people. The renovation is now complete, with materials and manpower donated by businesses with apprentices from the local unions. This fall we are planning a blowout event. It will be a charity event with half the proceeds going the Child Welfare Foundation and the other half to charity to be named. We will get a lot PR through TV, Radio and print and also use this as a recruiting tool for membership. I have asked PDC Troiola for help with reforming Rockland County, there seems to be some interest there. We are also working on the other Counties in the 9th District. New York County is really different. I have met with Kevin Macadam who is a duel member. He was a treasurer with the fireman's union and now is a banker. I have known him for some time and we are good friends. I have talked to him about setting up a black tie affair at Manhattan Athletic Club or other elegant place as a membership/ fund raising event. He is completely onboard and is a member of the Manhattan Club American Legion and champion the event.

Bronx County made a motion to accept the report which was seconded and carried.

1.24 V/C **Santa-Croce** reported 2013-14 has been a strong year downstate as we continue to work closely with the legion and the auxiliary to service the veterans in our communities and promote the programs that our organizations have long loved and supported. As for my activities: **February 2nd**- 4 Chaplain's Service at Fort Hamilton Army Base, **February 23rd**- Attended a fundraiser for Frank Peters, the Legion's leading candidate for Department Commander next year. **March 2nd** - Legion Family Past Officers Dinner was held in King's County where last year's Commanders of the Legion and Sons were honored in addition to the Auxiliary President. **March 23rd**- Attended a fundraiser for Diane Gerber, the Auxiliary's leading candidate for Department President next year. **May 2-4th**- I attended my first National Spring Conference in Indianapolis where Chuck Depo and myself attended the NMI- 1 Seminar. NEC Jerry Ketchum took Chuck and me on a tour of the Legion's national headquarters. At the Conference I met next year's leading candidate for National SAL Commander, Mike Moss, of Colorado and the Leading Candidate for National Commander in 2015-16, Kevin Collier of Alaska. It was an enjoyable and learning weekend. **May 25th**- I was an invited guest and gave an address at the King's County Memorial Day ceremony at Cypress Hills National Cemetery. **May 26th**- The annual Memorial Day Parade was held in Bay Ridge Brooklyn. Kings County Legionnaires, Auxiliary members and Sons marched together. **May 31st**- I Attended Department President Barbara Corker's Homecoming in Hopewell Junction. **June 11th**- Attended the Wounded Warrior Dinner in Staten Island. The Windsor Terrace Legion Family purchased a table at the event which was attended by over 600 people.

June 13th - Attended another Fundraiser for Frank Peters which was at a Staten Island Yankee- Brooklyn Cyclone Baseball game in Staten Island. **June 20th**- Attended the Kings County Convention where the Kings County Legion and Sons elected their County Officers for 2014-15. I was honored to be elected for a 2nd year as Kings County Commander. What made it better was that the night before my wife, Marie, was elected as President of the Kings County American Legion Auxiliary. So, we now have a 2/3 majority on all County issues. I guess what makes it particularly strange is that I guess my wife, is now my Legion Mom. **June 28th**- Attended our Detachment Commander's Homecoming in Rensselaer County. A few brief items: The Kings County Sons continue to support the American Legion twice a month as they conduct Bingo for the veterans at the Brooklyn VA Hospital. The Stephen Siller Foundation and the Homes for Heroes Foundation have started building a customized house for Bryan Dilberian, who was wounded in Afghanistan,

losing both legs and one arm. The house is being built in Staten Island and will be the 2nd "Smart Home" built in our area by these Foundations for our wounded heroes. Bryan grew up in my neighborhood in Brooklyn and, as a young teenager played basketball and baseball in our Sports program in the early 2000's. Over the year I have reported my involvement in my wife's Children & Youth Josh Dog Project for this year. Well as the year ends the project has purchased a total of 65 Josh Dogs with 56 given to two hospitals in our area for distribution. In addition, as she starts the new Legion year in September, she has enough donations on hand to buy another 40 Josh kits. **Membership-** What a difference a few hours make! I'm at work last Friday, my report completed, hoping that a new membership report would appear on the website so I could somehow rewrite my membership paragraph with a better picture. Well, later in the day, the Cavalry arrived in the form of membership cards from a few squadrons, which enables me to report a much better result. Both Districts 2 & 10 are now in the 96 to 97% range and are both only about 30 members from reaching 100%. Kudos to the counties of Richmond, Queens and Nassau for achieving 100% in membership. It really could have been a better year because the two Districts were able to recruit 166 new members, which means, that we have a combined retention rate of 88%. That's 228 members who have not renewed their membership.....WHY! I know every year we write off a few members with whom we have lost contact, but 228. We still have 3 squadrons, one in Kings County and two in Suffolk County who have not sent in any cards to Albany. If these squadrons would submit their membership, both the 2nd and the 10th Districts should be able to reach 100% membership. This will be the final report I will submit as Vice Commander for the 2 & 10. In my four years of service I have seen the Sons become more integrated with the overall Legion programs and activities in certain areas but their remains a few areas without meaningful county organizations. Some of the squadrons do good work with their Posts and their communities, but they do not function as a county organization. We need to work more with these counties. Also, while the other counties do function very nicely, it is usually a few people who are willing to take on leadership roles. We need to identify members who can ultimately take on more responsibilities in the county and work with them to feel more comfortable taking on leadership roles. I want to thank all the Sons in Districts 2 & 10 for giving me the opportunity to serve them as Vice Commander and also for all their continued efforts as we serve our veterans and assure them that all the programs that the American Legion value are carried on for God and Country.

Richmond County made a motion to accept the report which was seconded and carried.

- 1.27 **V/C Ruthven** reported thank you for allowing me the privilege to serve as a Detachment Vice-Commander this past year. I consider it an honor. The rewards

outnumbered the required duties. The camaraderie within the American Legion family was outstanding. The sixteen county visitations throughout the 7th & 8th Districts this past February were successful. The high point's included visiting with our members and hearing all of the projects and programs we are doing within our legion, our community and service to our veterans. A disappointing note occurred during one county visitation; a county commander was telling me about the problems with a squadron at his post, back when he was the Post Commander. He stated that he was ready to through them out for lack of participation. I explained to him that the squadron was a program of the American Legion and he needed an active appointed advisor. Instead of giving up on the squadron, improve your post participation, have better communication between the Post and the Squadron and work on changing the leadership in the squadron. At the end of our conversation, I learned that he was eligible to be a son and asked him to join. I filled his application and paid his first yeas dues. A month later I received my check returned with a note, "membership Declined". I have since visited with him; he is working on legion county programs and has given up on the Post-SAL problems. Congratulations Ron Kuczenski and the entire mighty eight district. You guys kept telling me that the 8th district was slow in turning in membership and I said they needed change. Well you came from the back of the pack at midwinter to pull into 1st place by convention. How did they do that? By communicating, they contacted each of the non-performing squadrons by email, letter, or phone. They let the squadron know that their membership needed to be worked on and they answered with transmittals. A really great job and a thank you go out to Commander Ron and the entire 8th district. This past June, I had the privilege of attending the New York State American Legion College in Morrisonville. What a great opportunity and learning experience this program provides for our members. This is a great leadership program put on by our legionnaires for legion and sons members. I encourage more of our members to sign up and participate in the program. We are welcomed and encouraged by legion members to learn about the structure and workings of the American Legion.

We did a lot of work on the SAL Handbook by taking out some of the photos and rearranging some of the items which made it a little better. Also in your packets is the new Youth Handbook in which we only printed enough for this meeting. I'm waiting for a recommendation from Children & Youth Commission before printing more for National Convention. On the Legion side of the house there has been a lot of changes as far as organizational structure. The Children & Youth Commission is now a Committee that reports to Americanism; Public Relations no longer exists and it has been absorbed by Media and Communications; The American Legion Trophies Awards and Ceremonials Committee is now under Internal Affairs. There are a lot of other Committees on The American Legion side that no longer exists that were absorbed into other Commissions. There are also changes to the call-ins for American Legion for example Internal Affairs Committee are called in the Spring but in the Fall just the Chairman gets a call-in as well as Membership. We are going to look into this and may be doing some restructuring for the Sons

CWF

Sons for raising over \$6 million dollars for CWF. The Detachment of Florida put the CWF over the six million dollar mark. A couple of new promotional items that we are doing for CWF. We also have new incentives for any CAT that signs up two (2) new members will receive a special emerald stone CAT paw pin; three (3) new members will receive a Guardian Coin.

As we gather to complete the business of the year, I want to thank all members for their support for our parent organization and our Nation's veterans. The level of volunteerism and monetary donations to our programs from the Squadrons in New York are unmatched. We continue to stress the importance of reporting your good deeds on the annual Consolidated Squadron Report. These numbers are very important, as they are included annually in The American Legion Commander's report to Congress. As of the June 30th Membership Report, we stand at 95.65% and we need 1,266 members for our 100% goal. We are in 35th place in the Nation and within the Eastern Region we are 8th place. As we wrap up this membership year, everyone's assistance is needed in bringing in those last renewals. Let's be at 100% when we arrive in Charlotte, NC for National Convention! The 2015 cards have already been mailed to Squadrons who have submitted an Officer Certification Form (OCF) for the 2015 year. Your Squadron's membership cards are NOT sent out unless we have received an OCF. There are still many Squadrons cards at HQ awaiting an OCF. Let's obtain this year's 100% membership NOW and get going on the 2015 year. The first Target Date is fast approaching! Our Detachment Commander John Chang is completing a fantastic year in service to our organization. He has traveled all across this State to each and every county to speak about the Sons of The American Legion. Speaking of all we have done and all we are currently working on. He talked about his project and encouraged the membership to fulfill the goals of the organization. His commitment to the task at hand has been exemplary. Commander John, we thank you very much for leading the Detachment of New York and for a job well done! Our Detachment Commission and Committee members are also thanked for their hard work and accomplishments this past year. And to you...the blue-cappers, keep on assisting our veterans, children and youth, and local communities as you always have. You are the most important part of our organization and I thank each and every one of you. We are so pleased that the National Commander of the Sons of The American Legion is here with us for Convention. Joe Gladden from the great Detachment of Maryland has had the most successful of years. Totally committed to our organization and its programs, we thank Mr. Commander for a tremendous year leading us to new heights in donations and membership. Many of us in New York have good friends in the Detachment of Maryland, and Commander Gladden is definitely one of them! He has been a mentor and an inspiration to us all. Thanks

Joe, we wish you the very best! I hope you will all get an opportunity to meet our Commander on his official visitation to New York. Be sure to stop and greet him during this week's events! We are pleased to also have the Leading National Commander Candidate with us this week. Mike Moss from Colorado has been a very active member on the National level for years. He hopes to represent us well this year, and New York will provide him with full support. We wish him a successful year as our National Commander!

- 1.39 **Commander Change** gave his final report. I would like to thank all the sons that are here and all the members across the Detachment for your support throughout the year, I could not have done it without you. - 1.40 **National Commander Gladden was introduced by N.E.C. Ketchum.** Commander Gladden stated that I bring you greeting on behalf the 365,000 members of the Sons of the American Legion. We are united in service, with the Legion, Auxiliary, Sons, and the legion riders we can accomplish so much together. Congratulations on your walk-a-thon and the amount of money you raise for our veterans. I also had a theme for membership and was shoot for the moon. I set a lofty goal of 375,000 members. I also challenged my commission chairman to pick one special program to promote. Under Children & Youth, Special Olympics, I believe that when you help someone else you are really helping yourself, Josh Dogs, when you give that sick child a josh dog you are showing the parents and the hospital how much we do for our kids. Under V.A. & R. the missing in America project, there are veterans who served our Country and passed away that are still sitting on a shelf in funeral homes that have been given a proper burial because they had no family to claim their remains, and the fisher house. Under Americanism, the boys state program. The legion needs our help as counselors, and to go the schools and find the boys for the programs.
